SOIGNÉ SWEETS

“A newsstand may seem like an odd place for one of the city’s best chocolate selections, but the well-traveled clientele at **Fog City News** (455 Market St. b/w Fremont and First, 543–7400) is the reason it carries 250 varieties of chocolate. Single-origin bars from Paris share shelf space with local truffles filled with olive oil and sea-salt-infused ganache, and the connoisseurs on the staff maintain a database of tasting notes to guide you to your next addiction.”
